For competition or personal defense, no challenge is too great for Remington tactical shotguns. Our lineup includes some of the most trusted and popular shotguns in the industry, each fine-tuned for your specific tactical application. The flagship is the VERSA MAX Competition Tactical. We started with our VERSA MAX Tactical, then outfitted it to meet the 3-gunner's demands. Features include an 8-shot magazine with a carbon-fiber, two-shot extension; oversized controls for handling with gloves; green Cerakote receiver; an enlarged loading port for faster reloads; express dovetail sights and more.
